15 June 1984

MEMORANDUM FOR: Information Review Officer, DO

FROM:

Chief, Classification Review Division
Office of Information Services, DDASUBJECT: Pages Resubmitted by State for its Draft
FRUS, 1955-57, Volume VIII, Near East

25X1

1. Attached are ANNEXES 1 and 2 containing pages from Foreign Relations of the United States, 1955-57, Volume VIII, Near East that the State Department has resubmitted to replace pages missing or illegible in its original submission for CIA review. CRD, on 24 April 1984, had sent the DO ANNEXES A through E containing material of interest to the DO called from State's original submission. (U)

2. As with the 24 April package for the DO, the Classification Review Division has reviewed each page in ANNEXES 1 and 2. For ANNEX 1, which contains routine FRUS material, a worksheet details CRD's recommendations for deletions and the justification for them under E.O. 12356. (U)

3. ANNEX 2 contains only codeworded messages (ALPHA, MIDMILL, OMEGA, and GAMMA). We repeat our request of 24 April that the DO determine whether to hold back all these documents from declassification because they deal with covert operations in which the CIA participated in planning or operation. In case the DO decides not to do so, a worksheet is attached suggesting deletions page by page. (U)

4. We request your overall review as soon as possible in order that we may return this material to the State Department. Please return the draft pages to CRD, along with your comments. (U)
